

# Qosmio

The world's smartest entertainer.

## HD DVD – where images become reality.

The Qosmio G30 HD DVD is the world's first notebook with HD DVD for a breakthrough cinematic experience.

Setting the new standard for digital entertainment, Toshiba HD DVD draws you into an unprecedented new world with images so real and vibrant it's as if you're part of the movie. Dynamic images jump out of the screen – you feel like you can reach out and touch them. Colours are so vivid, they dazzle the senses. The breathtaking HD DVD audio creates a truly immersive multi-dimensional soundscape.

Never before has so much thrilling entertainment been packed into a notebook PC.

### The ultimate 4-in-1 concept.

In the Qosmio G30, Toshiba has brought together some of the most advanced technologies currently available on the market to create an out-of-this world 4-in-1 Qosmio concept.

Toshiba's own breakthroughs, such as the fabulous Toshiba TruBrite® WUXGA display, sit alongside latest-generation processing, audio and graphics technology. The result is a ground-breaking system with uncompromising video and TV, HDD and sound that takes movies, computing and gaming into spectacular new realms.

**This is a breakthrough cinematic experience with HD DVD!**

| Model                  | Qosmio G30-153                                                                                                                                                                                                                                                                                                                                                                                                |

| Security features      | Keyboard lock, main hard disk (by screw), main memory (by screw), main battery pack (by sliding latch), slot for Kensington Cable Lock, supervisor password, system password security, user password, Wireless LAN switch                                                                                                                                                                                     |
| Physical dimensions    | W x L x H: 406 x 285 x 45.5 (front) / 53.5 (back) mm, weight: 4.8 kg                                                                                                                                                                                                                                                                                                                                          |
| Warranty               | 2-year international warranty. Upgrade your standard warranty with Toshiba warranty extension and uplift packs. Contact your nearest Toshiba Authorised Reseller for details.                                                                                                                                                                                                                                 |

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modeling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: [computers.toshiba-europe.com](http://computers.toshiba-europe.com) and/or contact Toshiba Technical Support. • One GB means one billion bytes, accessible capacity may be less. • For information about upgrading your system memory please refer to the user manual or contact your local Toshiba service provider. • Wired and wireless communication capabilities to be applied in countries where approved. • Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at [computers.toshiba-europe.com](http://computers.toshiba-europe.com). • Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. • Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. • SRS® TruSurround XT™ is only available for WinDVD applications. SRS® WOW™ is only available for Windows Media Player 9 in standard Windows interface. Please check your system specifications to ensure optimal results. • Microsoft® Office OneNote™ 2003 is not available in all countries. • Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis.

# TOSHIBA

## Qosmio G30 – The breakthrough cinematic experience with HD DVD.

May 2006

# Qosmio

The world's smartest entertainer.

Toshiba recommends Windows® XP  
Media Center Edition 2005

**Qosmio – impressive  
entertainment and computing.**

**QosmioEngine**   
Advanced Video Experience

**Immersive video graphics.**

At the heart of the product is Toshiba's exclusive QosmioEngine, a superlative video processor delivering a high-quality visual experience for TV, 3D gaming, viewing multimedia content, DVD movies and more.

**TruBrite®**   
CrystalClearDisplay

**Images are brought to life.**

The Toshiba TruBrite® WUXGA display delivers vivid images like you've never seen before. With its high brightness and amazing colour saturation, the Qosmio G30 will astound you with great colour depth, wide viewing angles and antiglare technology to deflect outside light.

**QosmioPlayer**   
Instant Entertainment

**Simplicity comes from intuitive design.**

Qosmio also delivers on the promise of simplicity with Toshiba's exclusive QosmioPlayer. This intuitive graphical interface bypasses the Windows® operating system when booting to offer quick and easy TV and digital entertainment at the touch of a button.

**It's a virtual surround  
sound system.**

**The thrill of audio sound is yours.** The Qosmio G30 will amaze you with its outstanding 1-bit digital amplifier for astonishing high-fidelity audio plus support for Dolby® Home Theater™ surround sound. State-of-the-art Harman Kardon® stereo speakers featuring bass-reflex speaker technology deliver greater amplification and clarity when listening to MP3 files or audio CDs. Take your music collection with you on the road or connect to a home audio system via an S/PDIF digital-out port for amazing multi-channel audio.

**It's a powerful and  
versatile PC.**

**A superior mobile experience.** Fully loaded with Intel® Centrino® Duo mobile technology featuring powerful dual-core, Bluetooth®, you can easily connect to your home network, the Internet or to other Bluetooth®-enabled devices. Microsoft® Windows® XP Media Center Edition 2005 provides a simple, convenient way to enjoy your photos, music, TV and movies, and more. The Qosmio G30 offers you dual hard disk drive functionality with RAID support so that you can choose more storage capacity or HDD mirroring for increased data security.

**It's an LCD television.**

**Maximise your viewing experience.** With the analogue and digital (DVB-T) TV tuner, you can record and watch your favourite TV shows. Display quality has never been more spectacular: Toshiba's TruBrite® WUXGA screen offers unprecedented 1,920 x 1,200 resolution for pin-sharp images that appear incredibly realistic. Like today's LCD TVs, the Qosmio G30 delivers increased colour saturation for more vibrant, vivid colours. Add the enhanced capabilities of the HD DVD-ROM drive, and your visual experience moves into another dimension.

**It's an HD DVD player and HDD/DVD recorder.**

**Mind-blowing digital entertainment.** Whether using the integrated HD DVD-ROM drive to play HD movies or making use of the latest audio technologies to optimise music listening, the new Qosmio G30 revolutionises your multimedia enjoyment. On board is HDMI, the digital standard for connecting high-definition video and audio devices, allowing higher speed and greater PC convergence. An intuitive control panel puts TV, video and audio entertainment effortlessly at your fingertips. Combining the powerful video processing capabilities of the QosmioEngine and the latest NVIDIA graphics chipset, the Qosmio series delivers a high-quality visual experience for multimedia playback and movie-watching.
